

Frey Elementary Science Fair

It's time to brainstorm! Anyone interested in entering the Frey Science Fair? Now is the time to begin considering the topic for your science fair project! Fill out the attached application and return by Friday, December 18th (last day of school before Christmas break!). Please keep in mind that late applications will not be considered for judging during the fair. The Frey Science fair will be held in February. More information will follow after the Christmas break.

Helpful hints: Think of a title for your science project. All titles must be phrased as a question. Here are a few examples: Which kind of gum holds its flavor longest? Is the 5-day weather forecast accurate? The question should then be answered by the experiment.

Rules and guidelines can be found on the Frey PTSA website "Science Fair" page, at www.freyptsa.com

SCIENCE FAIR APPLICATION

Please Print Clearly

NAME: _____

GRADE: _____

TEACHER: _____

PROJECT TITLE (Titles may be changed before the fair, but must be stated as a question):

Application deadline: December 18th.

** We are also looking for parent volunteers on the mornings of the Science Fair. If you might be able to help, please complete below and we will contact you with specific February dates. No science background is necessary.
